PROFESSIONAL PROFILE

B.Sc. Artificial Intelligence student with hands-on academic experience in Python, machine learning, data analysis, computer vision, SQL, and MongoDB. Interested in building practical AI and data-driven solutions through preprocessing, EDA, model development, and evaluation.

EDUCATION

B.Sc. Artificial Intelligence

Manglayatan University | 2025 – Present

Python programming, discrete mathematics, predictive model design, linear algebra, and data science fundamentals.

EXPERIENCE

Machine Learning Intern | Data & AI Industry Program

10 March 2026 – 10 April 2026

- Performed data preprocessing, missing-value imputation, and feature engineering on structured datasets.
- Executed Exploratory Data Analysis (EDA) to identify statistical correlations and visual trends.
- Trained and tuned classification and regression models using Scikit-Learn.
- Evaluated model performance using Accuracy, Precision, Recall, and MSE.

SELECTED PROJECTS

Auto MPG

Stock Analysis

German Credit Logistic Regression

INN Hotel

Sample Superstore Dataset

Titanic Dataset

Health Insurance Dataset

Amazon Product Dataset

EC2- Elastic Compute Cloud

Lambda Service

CERTIFICATION

Machine Learning Training Internship — AcmeGrade

CAREER INTERESTS

Artificial Intelligence • Machine Learning • Cloud Computing • Computer Vision • Deep Learning
